Subject index to volume 54

Advanced planning and scheduling (APS)	83	Machining feature based CAD	223
Agent	253	Manufacturing planning	35
Agile interaction	115	MASS	137
AS-IS analysis	307	Mass customization	83, 115
Assembly planning	35	Metal stamping	253
Automated motion	191	Modelling methods	307
		Multi-agent systems	273
Business process	307	Multi criteria decision-making	151
		Multiple hearth furnaces	105
CAD/CAM	17		
CAD/CAM system	223	NC machining	17
Clean-up tool path generation	17	NC program	223
Collaborative design	253	Neural networks	151
Collaborative product design	1	New product idea selection	151
Communication and collaboration	237		
Composable simulation	237	Object-oriented modeling	115
Computer aided design	209	Operation planning	223
Computer controlled systems	105	Optimization	35
Computer Numerical Control (CNC)	223		
Concurrent engineering	169, 253	Petri networks	273
Connection features	69	Polyhedral model machining	17
Customer-driven manufacturing	83	Process planning	273
		Procurement	137
Design CASE tools	291	Product configuration	83
Design optimisation	291	Product information sharing	1
Die-maker	253	Protective package design	209
Distributed optimization	273		
Domain agent	237	Rapid product development	51
		Rapid prototyping	51
EuroMethod	137	Robotic assembly	191
		Rule-based systems	105
Flexible manufacturing system	273		
Fluid power system	237	SA-CMM	137
Functional dimensioning and tolerancing	169	Service system	51
Fuzzy control	105	Simulation modelling	69
Fuzzy logic	151	Software component development	137
		Software engineering	291
Genetic algorithms	35, 209	STEP	1
Gouging detection	17	Subcontracting	137
Grasp planning	191	Subcontractor selection	137
Information systems	115	Task level programming	191
Intelligent transportation systems	291	Temperature control	105
Internet	1	Time compression	291
Internet based CAD/CAM	191	TO-BE design	307
		Tolerance allocation	169
Job shop	223		

Uncertainty	151	VRML	1
User involvement	115	VRML modelling	69
Virtual design and testing	209		
Virtual manufacturing	69	Web	1
Virtual prototyping	237	Web-based application	51
Visualization	1	World modelling	191
